

MEMORANDUM OF UNDERSTANDING

on multilateral Serbian-Czech-Russian-Romanian-Hungarian co-operation in the field of cluster development, cluster policy optimization and internationalization of cluster organisations between

Cluster House – Balkan Cluster Network, Serbia,

and

National Cluster Association, Czech Republic

and

TECHNOUNITY Zelengrad, Russia

and

Romanian Cluster Association ClusterO, Romania

and

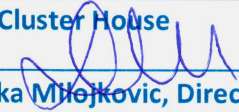

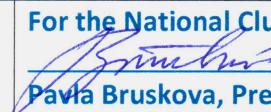

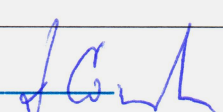

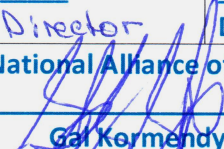

Hungarian National Alliance of Innovative Clusters IKOSZ

-- memorandum of understanding was signed on 22nd October 2015 in Brasov, Romania within the accompanying the 6th Balkan and Black Sea Conference „Days of Clusters 2015“ organized by the Cluster House, a conference founder, the Transilvania University and the ClusteRo, leading conference partners and the Alt Brasov Cluster, a conference host, with the aim of boosting the innovation and competitiveness in the region through clusters.

The undersigned parties have reached the following Memorandum of Understanding to cooperate specifically in

1. Sharing of knowledge, best practices and new concepts in the cluster based economic development with particular regard to development of joint educational platform for cluster development in countries in transition.
2. The cross cluster collaboration and networking generating opportunities for business, investment, know-how transfer, innovation and internationalisation, with particular regard to the Balkan Cluster Network members and SMEs.
3. Exchange of experiences in capacity building in the clusters, cluster initiatives and cluster organizations and optimizing cluster policy towards cluster excellence.
4. Joint organisation of and participation in the events and projects aiming at the partners' priorities, national and global economic growth.
5. Mutual promotion through logo links at the partners' home pages, awareness building on the identified cooperation potential of the partner's countries and publicity of joint achievements kick-started by this Memorandum.

Signed in 5 identical copies in the English language.
