

Enhancing stakeholders' participation to regional bioeconomy ecosystems

<https://us06web.zoom.us/j/89169601132?pwd=UGZxeHltUEpzcVh3RFU0QjJpdHNFQT09>

Scope:

Circular-Bioeconomy is used as a tool, that promises to foster regional development: It is a concept focusing on the transition of a fossil-resource based economy towards an economy making use of sustainable production of biological resources and processes to develop new products.

The aim of the webinar is to identify ways of developing circular bioeconomy ecosystems and enhance the participation of various types of actors acting at regional level.
